DRY KILN BURNS AT VENEER PLANT

Originates In Engine House From Unknown Cause.

born Resistance But Conquers the Flames.

LOSS WILL BE ABOUT \$5,000

Fire broke out again this morning at 11 o'clock in the plant of the Paducah Veneer and Lumber company in Mechanicsburg, and for the second time in the last few weeks, wind saved a great property loss. The Paducah Veneer and Lumber company is NEEDED IN ROWLANDTOWN, is the last mill in Mechanicsburg on Mill street and the strong north wind kept the flames and sparks in the opposite direction to the other

The loss will be between \$5,000 and \$7,000, covered by insurance. The fire started in the engine house on the north side of the dry kiln and the wind carried the flames to the dry kiln, which was completely destroyed. That the dry kiln burned

All its hose was in use there when the alarm came for the second fire. Company No. 4 arrived in a short time and later company No. 1 from central station.

It was a nasty and stubborn fire to fight and Chief Wood believes that the wind prevented one of the most disastrous fires in the history caught on fire but did not burn to any extent. The fire got a strong hold in the stacks of veneering in the dry kiln and it required a hard fight to suppress it there.

The break in the hose at the enwore the hose thin.

There was no fire in the engine house as the furnace was in anothpart of the plant, and the origin of the fire is unknown.

BUY YOUR COAL NOW

Coal will advance Nov. 1. Cars are in great demand, and mines find it impossible to get enough empty cars to fill orders. The excessive demand for coal at this time is causing a shortage both in coal and cars and the sooner you get your order placed for your winter coal the quicker it can be delivered.

Delays will be expensive to you, so order now. Luzerne Coal is the best produced in Kentucky. We are exclusive agents.

With this understanding, let us unite in bringing farmers to McCracken county for the general good of the community, regardless of the needs of any particular line of industry.

"For the information of the people of Paducah," says a local publica-"The bill requiring second class cities to spend thousands of dollars for parks, was carried to Frankfort by one of the members of the Republican general council." For the benefit of the people of ducah the Sun will say the foreg statement is false; was known to false when written; and we for the purpose of

for cities of the second class was drawn up in its terms especially for the benefit of the city of Lexington, which had parks but no park board, and was passed by a Democratic general assembly and approved by a Democratic governor. The whole law is extremely creditable and one that a Republican councilman of Paducah should have no reason to be ashamed of, had he carried it there in his pocket. But, under the cir-cumstances, The Sun prefers to allow the horors and responsibilities attached to the performance to fall where they are due. The only thing we in Paducah have to do with it, is to make the best use of the money and create a park system that will be a credit to the city and a blessing to its poor.

The park bond issue is a simple, honest plan of the board of park commissioners, who have the interest of the city at heart and have hit upon this as the least expensive and most efficacious manner of creating a park system and realizing for the present generation the quickest benefits from it. The plan contemplates the issuance of the bonds and the immediate undertaking of a complete park system that will afford to every section of the city a breathing place; that will redeem eyesores. and increase the value of surrounding property, while advertising the city and making it attractive. 8 sinking fund will be created and this. The Rigors of Cold Weather. Probably at no time of the year does the physical condition of the body demand more attention than just at this season, the beginning of cold weather.

Let the system be run down, or the blood impoverished to any extent and the cold weather goes hard with you Naturally the thing to do is to

get the circulation in good order, and the whole system toned up to stand the rigers of winter.

Some physicians prescribe the daily cold bath, others seek recourse in blood tonics and other stimulants, but, probably the most rational treatment of all is the Osteopathic, as Osteopathy more quickly, and more effectively rights the blood flow and restores normal conditions than any other known treatment.

Osteopathy is only a natural treatment, a method of bloodless surgical manipulations to remove any obstructions interfering with the proper transference of nerve force, or natural blood flow, or the other fluids, to the organ or part involved.

I should like to have you call and let me tell of some Paducah people whom you know well that Osteopathy has done much for, and also to ell you what it will do in your par-

Fagin and Oliver Twist Discovered i Real Life in Gotham-Taught to Steal.

THOUSANDS OF BIRDS ARRIVE.

New York, Oct. 27 .- Information reached Police Commissioner Bingham today, through a letter to the Globe, that the anarchists of Net York and Brooklyn propose to hold a meeting here Saturday night in commemoration of Czolgosz, the assassin of President McKinley. The intention was to glorify the deed and praise the murderer.

"Under the law I cannot prevent the meeting," said Bingham, "but I will have one policeman there for each spectator, and at the first word of disrespect for this country or its institutions, or praise for the murderer, I will arrest every man in the hall, and I won't arrest them easy,

Bingham was President McKinley's aide and stood beside him when he was shot down.

Fagin in Real Life. New York, Oct. 27.—When Hyman Grossman, a 15-year-old lad, was arraigned in the children's court yesterday on a charge of picking pockets he not only admitted the charge but swore that a man had taught him to steal and sent him out at 5 o'clock every morning to look for victims. The boy said his parents were dead and that he lived at 150 Ridge street, with Harry Stein, and the latter's wife.

"Does Stein know that you steal?" asked Justice Zeller

Stein, who was in court, was placed under arrest. The detectives later searched his house and found a

35,000 Birds.

New York, Oct. 27 .- On the Graf Waldersee, of the Hamburg-American line, arrived yesterday one of the largest importations of feathered live freight that ever came to this port. According to the ship's purser, there were 35,000 birds in the lot, and they kept the region about the Hamburg to Hoboken. Japanese sing ing birds and parrots made up part of the number, but the greater portion were canaries.

sizes and prices.

Accident in Laboratory.

Parkins, members of the science class, Paducah High school, were slightly scratched on their faces yesterday by flying fragments of a burst ing glass vessel used in demonstrating in hydrogen gas. The oxygen is expelled from the vessel before the match is applied to the tiny jet emitting the gas, but it was prematurely touched off and the glass vessel exploded. It was the first accident of the kind this season.

If an article is imitated, the original is always best. Think it over, and when you go to buy that box of salve to keep around the house, get De-Witt's Witch Hazel Salve. It is the original and the name is stamped on very box. Good for eczema, tetter, offs, cuts and bruises and especially recommended for piles. Sold by Lang Bros.

Shopmen on Strike. Nine hundred shopmen in the employ of the Southern railway at the Coster shops, near Knoxville, yes-terday went out on strike.

Coolies in China are giving up their as and cumbersome pipes and tak-to eighteties.

To Marie, at Msala—Send at once to Mr. Durnovo, informing him that the tribes have risen and are rapidly surrounding the plateau. He must return here at once with as large an armed force as he can raise, but the most important consideration is time. He must not wait for men from elsewhere, but must pick up as many as he can in Loango and on the way up to Msala. I recken that we can hold out for three months without outside assistance, but after that period we shall be forced to surrender or try to cut our way through without the simiacine. With a larger force we could beat back the tribes and establish our hold on the plateau by force of arms. This must be forwarded to Mr. Durnovo at once, wherever he is. The letter is in duplicate, sent by two good messengers, who go by different routes.

When Jocelyn looked up, dry lipped, breathless, Nala was standing before her, beaming with self importance.

Who gave you this?" "Marie, at Msala."

"Who is she?" "Oh, Mr. Durnovo's woman at Msala. She keeps his house."

"But this letter is for Mr. Durnovo!" cried Jocelyn, whose fear made her unreasonably angry. "Why has he not had it?"

Nala came nearer, with upraised forefinger and explanatory palm.

"Marie tell me," he said, "that Mr. Meredith sent two letters. Marie give Mr. Durnovo one. This-other letter." Jocelyn Gordon rose to the occasion.

"Can you go," she said after a moment's thought, "to St. Paul de Loanda for me, at once-now?"

"Oh, yes," with a sigh. Already Jocelyn was writing some-

thing on a sheet of paper. "Take this," she said, "to the telegraph office at St. Paul de Loanda and yend it off at once. Here is money. You understand? I will pay you when you bring back the receipt. If you lave been very quick I will pay you

the stern ends of the boats were tied, but it is probable that the wind was sufficiently strong to break any ordinary rope. The boats were not damaged to any extent by the collision. Telephone messages from Owen's island reported all safe at the Ayer-Lord peet. It probably is not generally known that a telephone submarine cable crosses the Tennessee river to Owen's island. It is a private line for the Ayer-Lord Tie company, though laid down by the tele phone company. The cable was laid n the same manner that the first Morse cable was laid across the Atlantic. One of the tow boats backed across the river with a "spool" of its terms and conditions by the cable, allowing it to unwind and sink to the bed of the river. The one now in use is the second one laid. The only other cable across the river here is the one of the Illinois Central certificate of its approval at the popucrossing to Brookport. Towboats can make little progress

against shch a wind as the one today. A heavily loaded barge would -be swamped and the swell of the river igainst the barge causes the seams to open and the oakum to drop out. The best thing to do with a barge in windy weather is to keep it as quiet as possible. The Jim Duffy probably will be late arriving on account of the wind.

Prompt and Liberal Settlements

The COMMONWEALTH is the only company issuing Industrial Policies that are payable IMMEDIATELY and in FULL, no matter when death occurs. Other companies pay only a part if insured dies within a year from time policy is issued. Investigate the COMMON-WEALTH. Its policies cost no more; it is a HOME COMPANY; it pays its death claims promptly and in ful and insures a "square deal" to you and your heirs. See what Mr. McGuire says:

Louisville, Ky., Oct. 23rd, 1906. COMMONWEALTH LIFE INSURANCE CO., Louisville, Ky.

Gentlemen: I beg to acknowledge receipt of payment of claim under policies Nos. 2636 for \$200.00 and 3457 for \$300.00, which I carried on the life of my wife, Mrs. Sophia McGuire, who died quite suddenly on October 15th.

I appreciate the provisions of your policies, as they are more liberal than those offered by any other company doing an industrial business in the state and should be considered by all those desiring to apply for Industrial Insurance

Thanking you for your kindness and promptness in settling this matter, and assuring you that whenever it is in my power I shall be glad to say a good word for the COMMONWEALTH.
